SCHOOL BOARD WILL MOVE AGAIN

Permission Given for Its Return to Former Quarters in City Hall.

ALL DEPARTMENTS CRAMPED

Creation of Administrative Board Will Make Big Office Shift Necessary.

Permission was given by the Council Committee on Grounds and Buildings last night for the City School Board and Superintendent to return to their old quarters in the City Hall for the holidays.

The transfer will be made during the holidays, and Superintendent Chandler and his staff will be ready for business at their former places by the first of the year.

The School Board has occupied four rooms on the top floor of the City Hall since the building was opened. In September a fire did serious damage, destroying the furniture and contents, and the school officials found temporary quarters in the old John Marshall house, recently donated by the city to the Association for the Preservation of Virginia Antiquities. Since the fire, but serious objection was made to the return of the School Board, on the ground that the City Hall was already overcrowded, and efforts were made to find quarters in the High School, and failing in that, in one of the old residences recently acquired by the city in the condemnation of the block on which Ford's Hotel is located.

Must Shift Them Around.

The ultimate plan is that the School Board offices be given over to the City Attorney. At present City Attorney Pollard and his stenographer have two rooms adjoining the Council chamber, while Assistant City Attorney Anderson has a room on the fourth floor, making an unfortunate division.

With the offices now assigned to the School Board, and if necessary the City Attorney and his assistants, and of this year, the committee is paying the way to provide suitable quarters for the proposed Administrative Board, which will occupy a courtroom for public hearings, committee room 305, used now by the Council Committee on Grounds and Buildings. The two adjoining rooms now occupied by the City Attorney will be turned over to the School Board, and if necessary the Administrative Board, and if necessary the School Board will be moved across the hall to make a private consulting room for the members of the new board, who are to give of their time to the city's business.

Taken Up Nursery Matter.

A subcommittee of three, consisting of Messrs. Grimes, Don Leavy and Atkinson, was appointed to consider a message from the Mayor in regard to the city nursery, and the care of the trees in the public parks, cemeteries, and on residence streets. While this ordinance is pending the committee deferred action on the registration of Nurserymen, and if necessary the committee will be unable to continue as the head of the city nursery. He will be continued with the aid of his son until the Council acts on the proposed ordinance which will regulate the care and planting of trees throughout the city, as well as the management of the nursery. Several members of the committee expressed their appreciation of the long and faithful services of Mr. Hand, and their regret that his health should necessitate his retirement.
